

Ecuador Real Estate

Project:

Ecuador lovers or soon to be lovers of Ecuador I have great news to bring you this month. The Real Estate property in Cotachochi, Ecuador is well on its way to being developed. The small trees have been removed and the large ones left in place. We want to ensure minimal disturbance to the natural beauty of our lovely environment.

We have a total of 30 acres and the first phase of the Real Estate development will include 7.5 acres. There will be 40 two bedroom condos and eight houses. The view is spectacular, it over looks the town of Cotachochi in and the surrounding beautiful Ecuadrian Andes mountains also the dormant Volcano xxxxxxxxxxxx.

We have made major headways on the Ecuador Real Estate project since we started the first of the year. The land is cleared, the water lines are in. The Security fence is almost completed and we are now putting in the electric lines, which will be under ground. Also the roads are under way.

As many of you already know our main goal is to create a private, exclusive, peaceful gated community where we can all live in beauty and tranquility in our retirement years. To have the amenities such as a community building where we can play cards, watch movies and have cookouts with friends and family. There will be walking trails for us to keep our hearts healthy, a tennis court, equestrian center with stables, and a spa center for us that enjoy pampering ourselves.

I and a few others are going to Ecuador to see the Real Estate project August 23 and will be there until September 20 over seeing the project. If any of you would like to come along, let me know and I will help you make hotel arrangements with my good friends Merri and Gary Scott who own El Meson a lovely hotel in Cotachochi.

My personal goal is to move to Ecuador next year and spend most of the winter months there with my friends. I have made so many friends from all over the world on my many trips to Ecuador. I find they are very friendly and make you feel welcome. They are like family. Friends and family that have come with me on my trips to Ecuador have fallen in love with the people and the land. Most of them have decided to buy property there and make Ecuador there home.

CONDO PRICES:

Our Real Estate Preconstruction prices for the months of July and August are \$79,000 for a two bedroom condo. We only have ten at this price and three are sold. If you are interested in one of the houses, e-mail me for more info.
