

# Ecuador Real Estate Sales

By  
Lola Young

I returned from Ecuador last month with a sense of accomplishment. Our Ecuador Real Estate projects are coming along nicely. Not only are the 12 condos almost complete, but they are very stylish, our neighbors have very good taste in their decorations. The colors I choose for my condo are earth tones. I will be moving into my condo within the next 90 days hopefully. The pleasures of picking out furniture are very exciting to me. I can't wait until I am down there full time to be able to enjoy the beauty of the environment.

We are in the process of hiring a new Real Estate Contractor, due to the fact it is more than Carolina can handle at this time. She still will be involved with interior designs such as Granite, Tiles, Paint, etc. Also she will be available for giving advice or assisting with interior decorating.

Also I am pleased to announce that International House Hunters from HGTV has completed filming our condos in our Real Estate Project in Cotacachi and they will be airing the TV show after the first of the year, with approximately 92 million viewers. That is very exciting news for all that has bought in Jauha Pacha. We expect a sell out for our Real Estate Project in phase one. I will let you know the date and time of the TV airing.

Some of the construction that is going on in Jauha Pacha is we are in the process of putting all our electric wiring underground, this will eliminate any wires hanging from above. Also we are installing very soon a large generator to ensure we always have electric and water available. Also we have already put in stone walkways to all condos and they are lovely. Each time I return to Ecuador I can see the many changes taking place.

I will be returning to Ecuador in February to start a new life, I am very excited about the new adventure waiting on me. Come join me and live a life away from the stress of daily living.

Below are pictures of my condo, I hope you enjoy the pictures as much as I did seeing the condos.

Think positive thoughts and life will be better for you.
